Making Technology Happen

About the Author — Denzil Doyle

When two or more people meet in Silicon Valley North, the discussion does not get far before the name of Doyle is invoked. Known to many as the 'archangel of the valley', Denzil Doyle is an electrical engineer (BSc, Queen's 56, Honorary DEng, Carleton 81) and entrepreneur who built one of the first high tech supercorps in the Ottawa area (Digital Equipment of Canada Ltd.) from scratch to \$160 million in sales. He is currently a director of some of the fastest growing firms in the valley, advisor to governments, author, newspaper columnist, and chairman of Doyletech Corporation. In 2005, he was invested as an Officer of the Order of Canada.
